ARRIVE AT THE FACILITY AT:

Double check the address where your procedure is scheduled.

**Someone should stay with you
for 24 hours.**

IMPORTANT THINGS TO KNOW CON'T

**You may receive bills from different offices, but all related to your procedure:
Pathology for biopsies, Anesthesiology for your anesthesia, the Facility where you have the procedure and the Physician performing the procedure.

If your insurance plan requires a referral for this procedure, you must have one delivered to our office, **one week prior to your procedure date or your procedure will be cancelled.

If your insurance plan changes, you must notify our office **one week prior to your procedure date or your procedure may be cancelled.

WHAT TO EXPECT THE DAY OF YOUR PROCEDURE:

- Shortly after arriving, a nurse will take you back for you to get changed and IV started.
- Once you are settled, your driver can come back and sit with you until you are taken to the Procedure Room
- Your driver should stay in the waiting room until after your procedure
- After your procedure, you will get dressed and have some crackers and water while you wait for the physician to speak with you about their findings. Your driver will be with you during this time.
- You will be taken out in a wheelchair due to anesthesia.
