

IMPORTANT THINGS TO KNOW:

*Please wear comfortable clothing and footwear to your procedure and leave all valuables including jewelry at home. No contact lenses.

*On the day of your procedure bring your ID, insurance card, and a current list of medications.

*Women of childbearing age will be asked for an urine sample prior to the procedure.

You **MUST** have a driver accompany you to your procedure and remain in the center until you are discharged. This is for your safety due to the lingering effects of sedation. This policy is enforced at each facility.

YOUR PROCEDURE WILL BE CANCELLED IF YOU DO NOT HAVE A DRIVER.

YOU MAY NOT USE PUBLIC TRANSPORTATION.

*You should not drive an automobile, work, drink alcohol or operate heavy machinery for at least 12 hours after the procedure due to sedation effects of the medications used during your procedure. You may resume normal activities the next day.

APPOINTMENT TIMES: You will be assessed in the morning and may be cancelled due to your medical status at that time. The staff strives to adhere to your appointment time, however delays may occur and we request your understanding of these delays.

CANCELLATION POLICY:

There will be a \$200.00 fee assessed to your account if you fail to cancel within three (3) business days prior to your procedure.

**You may receive bills from different offices, but all related to your procedure:

Pathology for polyps or biopsies, Anesthesiology for your anesthesia, the Facility where you have the procedure and the Physician performing the procedure.

If your insurance plan requires a referral for this procedure, you must have one delivered to our office, **one week prior to your procedure date or your procedure will be cancelled.

If your insurance plan changes, you must notify our office **one week prior to your procedure date or your procedure may be cancelled.
